You have the determination to succeed.  

Gain skills to excel. 

Standing in today’s complex and fast-paced business environment, it is critical you develop your critical thinking, problem identification and analysis, decision making, and your ability to communicate your ideas. As an online MBA student, you will be prepared to pursue? Our online MBA program allows you to tailor your MBA to your specific academic interests and choose a more focused future.

Together we rise. 

When one of us achieves something, we all Abel, and we lift each other up. 

Being a Jayhawk means being a part of a unique, special type of family and community that will always stand by your side, no matter what life throws at you.

Maura Durkin
MBA '18

The support staff and faculty are second to none and will always stand by your side, no matter what life throws at you.
Moving forward, I will leverage these experiences and my newly acquired business acumen to build creative, innovative connections between educators and industry leaders throughout the region.

An investment worth making.

An MBA is an investment of two of your most valuable assets—time and money. We understand that you want to assess your options and outcomes before making this significant commitment.

The online MBA program features a flexible, well-designed curriculum that is facilitated by leading business school professors. Students receive individualized, detailed feedback on coursework and regularly dialogue with professors and peers to explore real-world applications of concepts.
