You have the determination to succeed.

Gain the skills to succeed.

Studying at KU means you'll be surrounded by top-notch business, academic and regional institutions, which means you'll be hitting the ground running with a world-class education that will prepare you for success. This is your chance to graduate from KU with a name on your resume that is globally recognized and synonymous with excellence.

The KU online MBA program makes it possible for students, particularly those with demanding day jobs, to set their own pace, learn useful skills, and succeed academically. The support staff and faculty are second to none; and their empathy and willingness to help students is truly commendable.
