

ONLINE FOUNDATIONS OF BUSINESS CERTIFICATE

Program Details

YOU KNOW WHERE YOU WANT TO BE.

Find what you're looking for at the KU School of Business.

To succeed in today's ever-changing global marketplace, you need to expand your tool kit with a foundation in business and management. With the right skills, you can find new career paths. With a focus on accounting, marketing, HR management and finance, the Foundations of Business certificate builds your business acumen and provides a framework for successful decision-making in management.

The Foundations of Business certificate is designed to get you there.

- Earn your MBA certificate from an AACSB-accredited business school
- Ability to apply your Foundations of Business credits toward the KU online MBA in the future
- Learn from the same renowned and respected faculty as our on-campus and online MBA programs
- Take the same graduate courses in key business functions as students in the online MBA program
- Graduate in as little as one year from a 100% online certificate program

Learning designed for people on the move.

Class time whenever, wherever it works for you. Never miss out with KU Connect - our innovative learning environment and mobile app with 24/7 support services.
