

KU THE UNIVERSITY OF KANSAS

School of Business

SPRING ONLINE MBA PROGRAM SEQUENCE

This course roadmap illustrates the sequence of classes for the fastest progress given a spring program start and continuous enrollment. Read more complete descriptions of the courses in the drop-down menus on the [course description page](#).

ACCT 706

Accounting: Learn about creating and using financial accounting information and financial statements for decision-making by corporate stakeholders and firm management.

FIN 706

Finance: An overview of the challenges associated with the financial management of firms, with a focus on raising and investing capital to maximize value. Prerequisite: ACCT 706

Wilt Chamberlain, also known as “Wilt the Stilt” and “The Big Dipper” and widely regarded as one of the greatest basketball players of all time, began his basketball career at KU, where he averaged 29.9 points per game.

BE 718

Managerial Economics: This course covers principles of microeconomic analysis and methodology used in managerial decision-making. Topics include the role of markets in value creation opportunities, the behavior of markets, and the consequences of alternative market structures for business strategy.

MKTG 706

Marketing: This course aims to equip students with basic concepts associated with the marketing function, including buyer behavior, market segmentation and target markets, the marketing mix, and marketing strategy.

MGMT 706

Managing People: This course addresses topics, challenges, and processes associated with business-related people issues in order to create and sustain competitive business advantage through people.

BSAN 706

Statistics: This course covers basic statistical tools for understanding data in organizations to help understand common business problems.

Before becoming the 44th governor of Kansas, Kathleen Sebelius earned her Master of Public Administration from the University of Kansas. During her illustrious career, she has also served as the 21st Secretary of the Department of Health and Human Services.

MGMT 718

Business Law and Ethics: This course provides a foundation for understanding the relationship between law and business and addresses ethical decision-making and the management of ethics in the workplace.

SCM 718

Operations and Supply Chain Management: Develop both strategic and analytical skills in supply chain management with a conceptual framework and tools to analyze, coordinate, and improve organizational processes. Prerequisite: BSAN 706 or equivalent.

President Theodore Roosevelt once called “Rock Chalk,” the KU spirit chant, “the greatest college cheer ever devised.” Learn how to do the “I’m a Jayhawk” fight song clap sequence.

BUS 725

Capstone: Students will demonstrate synthesis and mastery of the leadership, analysis, and decision-making concepts explored in previous courses through four data-driven case studies.

BSAN 718

Intro to Business Analytics: This course will provide an overview of the field of business analytics, the concepts and processes with which data is sourced, prepared, and managed as a strategic business asset.

MGMT 719

Strategic Business: The principal objectives of this course are to learn how to perform strategic analyses of competitive contexts external to the firm, how to leverage firm specific resources and capabilities for competitive advantage, how to exploit specific strategic perspectives such as game theory and real options, and to learn how to make more effective decisions within the firm. Topics include: industry analysis, firm level strategy, resources and capabilities, intangible resources, firm structure, industry evolution, game theory, real options, managerial discretion, and multinational strategy.

ELECTIVE 1

Deepen your expertise through your choice of electives focused on finance, marketing, or management and leadership. See the [elective course descriptions](#) in the drop-down menu on the course description page. Elective courses are updated periodically to reflect changes in the business environment.

The University of Kansas has been celebrating Arbor Day since 1878, so it's no wonder that there were 29,525 trees on the campus at the last count. In addition to the trademark beauty they impart to the campus, they also provide a variety of important ecological benefits.

ELECTIVE 2

Achieve your personal best in our [highly ranked online MBA](#) program accredited by the [Association to Advance Collegiate Schools of Business](#) since 1925.

[Congratulations, MBA!](#) Welcome to the global network of proud Jayhawks who are conquering the business challenges of today and tomorrow. Rock Chalk!
